

R. Todd, Pioneer, 93 Is Buried Here Sunday

Robert Todd, age 93, former Sheriff and County Treasurer of Milam County, died at his home in Cameron, May 12, 1945, at 5:00 a. m.

Mr. Todd became critically ill Tuesday morning and lapsed into a coma, and did not regain consciousness.

Mr. Todd was a colorful pioneer, and was widely known throughout Texas for his early day activities, as a peace officer and cattleman.

He was born in Polk County, Ga., September 18, 1851, to John Todd and Sarah Jane Sherrill Todd, and came to Texas with his parents at the age of 8 years.

He was married to Ella Evans, June 4, 1873, and had he lived until June 4th they would have celebrated their 72nd wedding anniversary.

Surviving Mr. Todd is his widow, two sons; Webb Todd, Cameron, and Wilbur Todd of Tyler. Three daughters; Mrs. Olive T. Walker, Cameron; Mrs. Preston Graves, Cameron; and Mrs. N. Cass of El Paso, and two sisters; Mrs. George C. Cave, Houston; and Mrs. D. B. Worchester of near Milano. He is also survived by eleven grand children and five great grand children, and many nieces and nephews.

Funeral services were conducted by Rev. C. W. Sanders, May 13, 1945, at 4:00 p. m. at the First Baptist Church in Cameron. Interment was made in Walkers Creek Cemetery with Green Funeral Home making the arrangements.

Pall bearers were: John B. Henderson, Ernest Vogelsang, Hayden Lawrence, Andrew Esslinger, Carl Black and Louis Butts.

A more complete biographical sketch will be printed in the next few days.

In Army Air Corps

SGT. HUBERT J. TOMASEK

Sgt. Hubert Tomasek joined the service on July 22, 1942, at Fort Sam Houston. He received extensive training at Shepherd Field, Laury Field, Colorado and Camp Howze.

Sgt. Tomasek is the son of Mr. and Mrs. Anton Tomasek of Ad Hall. Before entering the service he was engaged in farming with his father, but for several years he had been employed at Gray's Ship Yard in Galveston.

His brother, Pfc. Albert Tomasek is serving with the U. S. armed forces on the Philippine Islands. Pfc. Tomasek has been in the service over three years, and the two brothers have not seen each other during that time.

COUNTY IS 70 PER CENT OVER ONE BOND QUOTA

Milam county was 70 per cent over on the E bond quota Thursday morning, it was revealed here by Dan Tyson, War Finance Chairman, following the big bond rally at the Gymnasium last night.

The meeting was attended by 318 and perhaps the largest such meeting held during the entire five years of war financing.

It was revealed that Cameron has bought only \$50,737.50 in E bonds and has yet to buy about 46 thousand more. The grand total for the county on E bonds is \$251,399.75.

A total of 13 communities have oversubscribed their quotas.

Dan Tyson, war finance chairman addressed the workers.

Oxshier Smith, District Director, who has traveled abroad, gave a short history of the war and spoke of the countries which were over run by the Germans.

Guests representing the military forces were Lt. Lester Cominsky and Sgt. Herbert Scott of Camp Hood.

E. C. Cole, one of the co-chairmen for the city spoke.

Mrs. Bill Harsha sang a solo accompanied by Mrs. Francis Cox at the piano and Rev. H. M. Bailey of Maysfield Presbyterian church, gave the invocation.

Mrs. W. W. Culver of Houston has arrived in Cameron to spend several days with her mother, Mrs. W. M. Price. She will spend Mother's Day with her. Another daughter, Mrs. J. E. Love of Temple will also spend the week end with Mrs. Price.

The sun is said to shine first, in the United States, on Mt. Katahdin, Maine. It is the highest point in the easternmost state.

In European Theatre

PFC. W. E. INGRAM

Pfc. W. E. Ingram has been in the service for nearly two years, and has been stationed in Ireland for the past year and a half.

Mr. Ingram was born and reared in Falls County where he was engaged in farming with his brother, Pfc. Claude G. Ingram who is in the service in the Pacific Theatre of operations. Their mother Mrs. Minnie Ingram resides in Cameron with her daughter, Mrs. Wilburn Shuffield.

Pfc. Ingram's wife and baby are living in Welch, Texas, while he is away.

GEORGE BANZHAF BACK IN AGENT'S OFFICE

George Banzhaf is acting County Farm Agent and will serve in the office until his successor can be found.

J. W. Stufflebume who recently volunteered for the Navy, vacated the office. Mr. Banzhaf served as county agent for Milam county for more than 40 years and is the oldest county agent in America in point of service rendered.

Since his retirement several years ago he has continued to make his home in Cameron and is now filling in on this work due to war demands on the younger men of the nation. Old farm friends will be glad to hear he is back in harness again.

MILANO GOES OVER IN 7TH WAR LOAN

Milano has oversubscribed the 7th war loan quota by more than 3 thousand dollars, according to Lon Peoples, local chairman, it was reported Wednesday by Dan Tyson, county war finance director.

The Milano quota was \$12,800 and up to May 15, the people in that community had purchased \$15,850 in bonds.

Of the total amount reported \$4,500 in bonds were sold through the schools under the supervision of Hinton H. Pruitt superintendent.

Out of 12 classes 9 classes subscribed 100 per cent. Three sales days were observed in the school. The first day \$3,000 was subscribed; the second day \$1,100 and the 3rd day \$400.

MILITARY LEADERS IN LONDON SEE CHURCHILL

United States Army leaders were in London Wednesday to confer with Prime Minister, Winston Churchill.

The Generals included: General Dwight D. Eisenhower, General Geo. Patton and General Omar Bradley. There was no statement to indicate the nature of the conference.

Fighting was extremely bitter on Okinawa where the 6th Marine Division has suffered heavy casualties with Japs in hand to hand fighting. A British report said that Naha, the capital had fallen to the Americans.

During the past 3 days 397 Jap planes have been destroyed and 18 Japanese air fields have been damaged. We lost 10 planes.

It was revealed Wednesday that 18 or 20 German submarines are still at large in the Atlantic. Time for surrender will soon be up and they may be hunted down and destroyed.

Monroe Smith of Houston spent a few days in Cameron with his mother, Mrs. Gene Smith who has been ill in Newton Memorial Hospital, but has been removed to her home.

Mrs. Stanley Schieffer of Austin will spend the week end with her mother, Mrs. W. R. Newton, Sr.

Sgt. Albert Svetlik With Air Service

AN AIR SERVICE COMMAND

DEPOT, England—Modifications and repair on more than 7,000 fighters and bombers—an all-time high for the number of soldier-technicians engaged—was the record 1944 production of the aircraft hangers in England at which Sgt. Albert Svetlik of Buckholts, is serving, according to figures just released by headquarters of the Air Service Command.

Sgt. Svetlik worked on almost every type of combat and transport plane used in the European Theatre of Operations. Each plane which was ferried to a front-line combat organization represented scores of inspections, repairs, and structural improvements which increase the fighting efficiency of our aircraft.

Sgt. Svetlik is the son Mr. and Mrs. L. S. Svetlik of Rt. 2, Buckholts. A soldier since May 19, 1943, he has been overseas for 15 months. He attended Buckholts High School, and was employed by the Civil Service, Harding Field, Baton Rouge, La.

Eisenhower Will Reprimand Generals For Goering Episode

General Eisenhower today promised a severe personal reprimand of Senior Officers who were guilty of fraternizing with Reich Marshal Hermann Goering who surrendered to the 36th Division.

General Eisenhower said it was contrary to the policy of the Army under present circumstances to indulge courtesy with war criminals. Officers who stoop to the level of extending niceties to Nazi criminals are either ignorant or willfully faithless to their obligations. He said he had ordered all high ranking German leaders who are captured or who surrender to be dragged to jail in a manner befitting their just deserts.

At Camp Wheeler

1ST. LT. C. E. DEFREEST

1st Lt. DeFreest is the son of Mr. and Mrs. Clarence DeFreest of Bensenville, New York. He has been in the service three years, and is 24 years old. He received a part of his training at Fort Benning, Ga., and is now stationed with the 1st Infantry Bn. at Camp Wheeler, Ga.

1st Lt. C. E. DeFreest recently spent a ten day furlough in Cameron with his wife, Mrs. DeFreest is the former Miss Grace Plocek, daughter of Mr. and Mrs. W. F. Plocek.

CAPT. CLARENCE HEWITT RECEIVES BRONZE STAR

Capt. Clarence H. Hewitt has been awarded the Bronze Star Medal for meritorious service in connection with military operations against the enemy.

Here is the official text of the citation as received by the Herald and no other details are available:

"Even during periods of rapid move, Capt. Hewitt maintained communications and insured that artillery support was furnished whenever needed by the assault units. Frequently visiting the front lines, he secured accurate information thereby considerably assisting his unit in the accomplishment of its mission. His untiring energy and devotion to duty reflect great credit upon himself and the military service."

Captain's Hewitt's wife, the former Miss Ruth Hobson resides in Temple.

WNNT A WAY OUT TO STAVE OFF DIASTER

Facing certain defeat and with growing waste laid to her home lands the Japs were reported Thursday to be exploring the possibilities for an early Peace with the United States and Great Britain.

Although there was no confirmation from reliable sources it was believed the Japs are trying to get a settlement. One report which was also without confirmation said the Japs had made an offer but to their own advantage.

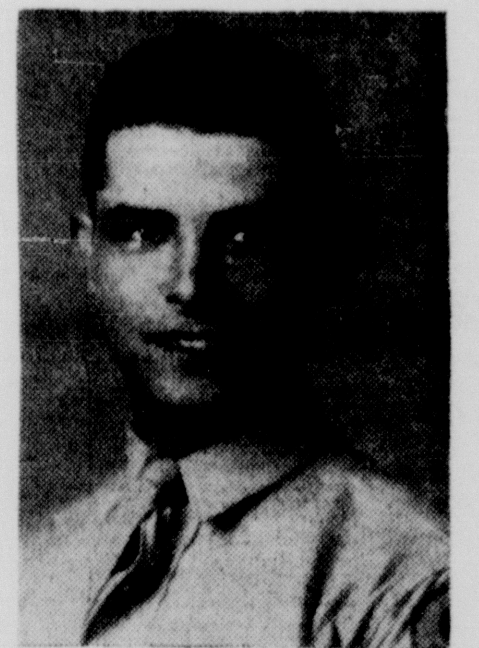

The Japanese radio has told their home people that the situation on Okinawa is grave. The American offensive was on the move and the campaign on Okinawa may end soon. Up to Thursday there had been 46,000 Japs killed.

Some 500 of the B-29 super forts struck new and destructive blows at Japanese industries and with few losses to our airmen.

On Okinawa our losses have been heavy.

The Japs said that a naval battle between the Jap fleet and the British has occurred off Sumatra. As usual the Japs claim to have inflicted heavy damage on the enemy.

WITH THE FIFTH ARMY, ITALY—Staff Sgt. Henry A. Eisfeldt of Cameron, is one of a group of squad leaders in the 91st "Power River" Division recently cited for meritorious devotion to duty and respect for their obligation to the service of their country. He is serving on the Fifth Army front in Italy.

Eisfeldt, leads the 2nd Squad, 2nd Platoon, Company F 363rd Infantry Regiment.

"Through the tremendous hardships of the drive to the Arno River

and the bitter and bloody battles of the Apennines," the citation stated of the squad leaders, "these men have never allowed themselves to shirk their responsibilities either to their comrades or to their organization. It is men of this fine caliber that have brought about the great achievements by which the 91st Infantry Division is recognized."

Eisfeldt's mother, Mrs. Bertha M. Eugholm, lives at 806 West 3rd Street, Cameron.

Potato Flavor

Potatoes develop an undesirable sweetness when stored at too low a temperature cautions Letha K. Jopling of the University of Missouri college of agriculture. This sweetness is lost if stored at room temperature a week or two before being used. The potato stored in the light will turn green, and the green portion will be bitter.

"That Grass is our Living, Son!"

WHAT THIS RANCHER SAYS to his son is very true. Grass does provide their living... and a good part of the living for all of us here in America. More than half a billion acres of the United States—roughly, 50% of all our farm and ranch lands—is in grass. "Should its harvest fail for a single year," said John James Ingalls, "famine would depopulate the world."

Grass is the preserver of much of our agricultural wealth and the basic raw material of many of our necessities. It is a major crop. And more than that, it's nature's way of transferring health-building materials... vitamins, minerals, and other essential elements... from the soil into the foods that nourish the nation. Grass must pass through livestock to be converted into products useful to man.

So let's give our pastures, meadows and range lands the care they deserve. Grass on your

steeper slopes should never be broken. In the long run, it is your most profitable crop on hillsides because it controls erosion by tying down your top soil and reduces evaporation of essential moisture. Your State Agricultural Experiment Station will tell you of new and improved varieties of grass you might try to your profit, and they will also advise you about reseeding, lime, and fertilizer. And never overlook this important rule of grass care—don't overgraze!

We at Swift & Company are marketing the products of your grass, and so we say with you, "Grass is our living, too!"

IT'S 2,049 MILES FROM HEREFORD, TEXAS, TO HARTFORD, CONN.

To the west of the Mississippi is produced two-thirds of the nation's meat. To the east live more than two-thirds of all Americans.

Under these conditions either livestock or fresh meat must be transported from the West to the East, and as we know, it has been found to be more economical to slaughter the animals in central plants in surplus producing sections, save the by-products, then transport the meat in refrigerator cars to the consuming sections, than to ship the live animals.

To have a market for livestock, we must find a market for meat. The job of nation-wide meat packers is to bridge the gap, an average of more than a thousand miles, made up in part from such trips as Boise, Idaho, to Boston; from Denver to Detroit; from Paducah to Pittsburgh; and from Hereford, Texas, to Hartford, Connecticut. It is necessary to have a large organization with proper facilities to handle efficiently nationwide distribution to the thousands of consuming centers of America.

This is the last page of information that we will issue until September. But please don't let the recess keep you from writing us when we can be of help to you. Better still, come and see us in Swift & Company's office building at the Union Stock Yards, in Chicago.

Big Airfield on Minanao is Captured

Maj. Gen. Rapp Brush's 40th, which invaded northern Mindanao on Thursday, swept over Del Monte which includes three airfields and dispersed a Japanese force to the east.

The Americans pressed two miles beyond Del Monte in a drive to join other American troops in the south and bisect the big island.

West of the captured Davao city, on southwestern Minanao, the Japanese added rockets to their machine-gun, mortar and artillery defenses as intensity of the fight mounted.

Morgenthau Cites Types of Issues Issued to Public

A grateful Nation has girded itself for the mighty Seventh War Loan for 14 billions of dollars, half of which has been assigned as the individual sales quota. According to reports from state chairmen reaching Ted R. Gamble, national director of the War Finance Division of the Treasury in Washington, the Nation is ready for the huge task.

Mr. Gamble was enthusiastic about results. He said "We're prepared to do the best job in the 7th War Loan." Mr. Gamble said that "not only the money available in each state, but individual income will be higher in the period of the 7th War Loan than in any previous War Loan period."

Secretary of the Treasury Henry Morgenthau said seven billions of dollars has been assigned as the quota for individual investors and that the major emphasis throughout the drive will be placed on the quota for individuals. The individual quota is the highest established in any of the previous drives, the secretary said. The E Bond quota alone is 4 billion. The 7th War Loan seeks nearly as much in the one drive as was asked in the first two drives of last year which were held up to this time. The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is every evidence that Federal expenditures are going to remain at a high level for some time to come, and that the Seventh War Loan program was designed to obtain maximum funds necessary to prosecute the War from non-bank investors.

The securities, which will be sold under the direction of the State War Finance Committee, are as follows: Series E, F and G Savings Bonds, Series C Savings Notes, 2 1/2% Bonds, 2 1/4% Bonds, 1 1/2% Bonds, 3% Certificates of Indebtedness. The 1 1/2% Bonds will not be offered in the Drive to corporations.

The Drive for individuals will extend from May 14 to June 30. However, an intensification of activities in the sale of Series E bonds began April 9, when millions of persons on payroll savings plans throughout the country were asked to enlarge their participation as a part of the Seventh War Loan. All Series E, F and G Savings Bonds and Series C Savings Notes processed through the Federal Reserve Banks between April 9 and July 7 will be credited to the Drive.

During the final phase of the Drive which will cover the period from June 18 through June 30, subscriptions will be received from all other non-bank investors for the 2 1/4% and 2 1/2% marketable bonds and the certificates of indebtedness.

JAPS ON OKINAWA SHOW SIGNS OF CRACKING

U. S. Marines found the Okinawa capital of Naha a wrecked and deserted city when a patrol pushed into the central section Thursday while other 10th Army troops fought to crack key defenses of the Japanese Shuri Line.

Meanwhile, making a surprise attack without support of artillery preparation, elements of the 77th Infantry Division Thursday night secured high ground dominating Ishimimi Town in south central Okinawa.

The attack carried forward elements of the division to outskirts of the town.

Ishimimi guards one gateway to fortress Shuri, walled and moated keystone of the enemy's southern defenses line.

Confirming frontline dispatches, Fleet Admiral Nimitz also announced Friday that elements of the 6th Marines have crossed the Asato and gained a small bridgehead in Naha.

Artillery spotter and reconnaissance planes have reported for weeks that there was no evidence of civilian life in Naha, which had a population of some 60,000 before the American invasion.

Tokio radio advised the Japanese people that "the war situation on Okinawa has entered upon a grave stage" and that "there is no room for any optimistic thinking whatsoever."

One Marine patrol roamed the Naha ruins for five hours and encountered only one living human—a Japanese soldier who tossed a grenade that wounded two marines.

"Nearly every building in Naha is levelled," one member of the patrol told Haugland.

"In the doorways," he said "lay charred bodies of Japanese soldiers. Once we had to crawl around a mound of debris and stinking corpses."

Shuri was being assaulted in yard by yard advances by other elements of the 96th and by the 1st Marine and 77th Infantry.

The British sank a 10,000 ton Japanese cruiser off Malaya.

Juvenile Sins vs. Those of Parents

Bringing home its message of parental and civic responsibility for the emotional maturity of America's adolescents, "Youth Runs Wild," a timely new RKO Radio drama, make a vivid plea for these innocent victims of the national emergency at the Cameron Theatre Saturday.

Kent Smith, Bonita Granville, Jean Brooks, Glenn Vernon, Tessa Brind and Lawrence Tierney have the leading role in this portrayal of the lives and loves of a group of modern youngsters in a typical small town. The affection between teen-aged Frank and Sarah motivates the drama which swiftly takes a tragic turn when the boys brush with the Law.

Frank's brother in law, Danny, a wounded veteran, accepts the custody of Frank and some of his young

friends but is unable to protect the youngsters from the logical outcome of their own impetuosity. Helpless before the bad influence of cruelty, neglect and fear, Danny is forced to watch his young proteges face legal charges which range from morals to murder.

T-4 Julian K. Rogers Awarded Service Star

CALCUTTA, INDIA—T-4 Julian K. Rogers, Cameron, is a member of a port battalion which recently has been awarded a star to the meritorious service unit plaque by Maj. Gen. W. E. R. Covell, commanding general, Services of Supply, in the India-Burma theatre.

The port battalions of Base Section No. 2, commanded by Brig. Gen. R. R. Neyland, have made the base the foremost military port installation operating in a theatre of war. Last month the port battalions were responsible in a large measure for the breaking of nine records at this base.

The port battalions have cut down the unloading of ships in the docks to an average of 3 1-2 days, the fastest record in the world, and recently unloaded a Liberty Ship in 44 1-2 hours. The port of Calcutta, due to the efforts of the port battalions, has consistently led military ports throughout the world in the unloading of vitally needed materials of war.

The Job Ahead

The Job is only half finished.

We have yet to defeat Japan and to bring the boys home.

To do this we must keep eternally at our job. During more than 5 years this newspaper has brought you the happenings of the world.

In every circumstance and under every difficulty we have done our share of the free work incident to intensified civilian activities.

We are proud of the record we have made and above all proud to say we are American. In the days to come being a good American in whatever relation we serve, will be just as important as during the past.

The Herald

400,000 TROOPS WILL DO OCCUPATION JOB

The government Thursday announced a system of demobilization which will send 1,300,000 men back to civilian life.

An army of 400,000 Americans will be required to police the territory allocated to the United States in the occupation period that lies ahead in Germany and in Italy.

Men eligible for discharge must have enlisted on or before September 16, 1940, are eligible provided they have what has been declared as necessary in number of credits. A total of 85 credits is required and they have been announced as follows: One point for each month spent in service. Each month spent overseas will count 1 point. Each child up to 3 years and children under 18 will count 12 points and each combat decoration will count 5 points.

The war department will determine whether officers or specially trained men are needed in the armed forces and if they are they must remain in service regardless of their qualifications on 85 points for discharge.

At the same time the government said that draft calls will continue and that many will be called. President Truman has signed an extension of Selective Service.

School To Be Held For Foodhandlers

In an intensive war-time campaign conducted by the State Department of Health for the purpose of elevating health standards throughout the State, a series of schools for foodhandlers is being carried on at this time in various Texas cities, it was announced today by Dr. Geo. W. Cox, State Health Officer.

"Nothing can be of greater importance to good health than the quality and sanitary handling of foods consumed daily," Dr. Cox asserted, "and the highest standards of cleanliness and sanitation in food handling are necessary to health protection."

In the schools conducted by the State Department of Health in collaboration with the local health unit, a complete twelve-hour course is offered, covering bacteriology, communicable diseases, medical zoology, foods, disinfection, sterilization, personal hygiene and sanitation.

The classes are conducted at such hours as will enable all foodhandlers to attend regardless of the shift they are working.

At the close of the school, those food handlers who have successfully completed the course will be awarded certificates by the State Department of Health. Operators of food establishments whose personnel have received certificates and who comply with state and local sanitation requirements will be given a placard of approval signed by the State Health Officer, the Local Health Director, and bearing the seal of the State of Texas.

Dr. Cox pointed out the importance of all managers requesting their personnel to attend these schools since their display of this placard is the highest mark of approval bestowed by the State Department of Health. "There is no charge or tuition fee of any kind attached to this school. It is only one of many services being rendered Texans by the State Health Department in counties maintaining a full time health unit," Dr. Cox stated.

It has been tentatively planned to bring such a food handlers school to the City of Cameron in the near future. If these plans materialize, Dr. Cox said he would announce the opening date far enough in advance so that all food handlers can arrange to attend.

Four Milam County Men Meet in Pacific

Darrell Tindall, Yoeman 2-C, Sgt. Lee Clure, Jr., Bobbie Alexander, F. M., and Alvin Mieres, F. M., met at a base in the Pacific on May 6th and spent the day talking of days spent in Cameron and Milam county before the war came on. The four boys are from Milam county, and are stationed within a radius of only a few miles.

Mrs. H. C. Tindall received a letter from her son, Darrell Tindall, Yoeman 2-C, telling her about the happy occasion, and how much each boy enjoyed seeing someone from home.

Mrs. Travis Medders returned with her husband to their home in Dallas last week after visiting her mother, Mrs. Loula Rogers for several weeks.

Residuals can supply enough for 110,400 "suits of armor" for 105 mm. shells, if they will buckle down and save an average of 10 pounds of news papers, wrapping paper and boxes a month. The 105's are the big ones that have been helping American forces in their advance toward Berlin and Tokyo.

Last year Americans saved 106 1-2 pounds of waste paper per capita, or enough for about 35 containers each for the 105 mm. shells.

For each ammunition container or "paper suit of armor" used to protect the shells from salt water, dents, nicks and corrosive dirt, approximately three pounds of wastes paper are required, according to W. J. Wardell, vice president of the American Can Company, which is manufacturing millions of the containers. Ammunition container board, one of the principal materials used in making the "suits of armor," is made from mixed paper and old corrugated boxes, Mr. Wardell said. Another material used is called "tube and can stock," which is made from all types of waste paper.

Mrs. Hubert Haase of Buckholts spent the week end in Cameron.

Will you hold a FAT-SALVAGE BEE for your country?

HERE IN AMERICA, when a neighbor needs help, it has always been the custom for all the folks to pitch in and give him a hand. Many a harvest would have been lost without the help of a husking bee.

YOUR COUNTRY NEEDS a fat-salvage bee right now! Millions of tons of fat have been used up to supply the thousands of battlefield and home-front needs in this war. And there's still a lot of war ahead!

A PLEA TO EVERY WOMAN! Our country is calling on you, the women in small cities and towns and on the farms, to save every drop of used fat. Your used fats are desperately needed to meet our country's requirements.

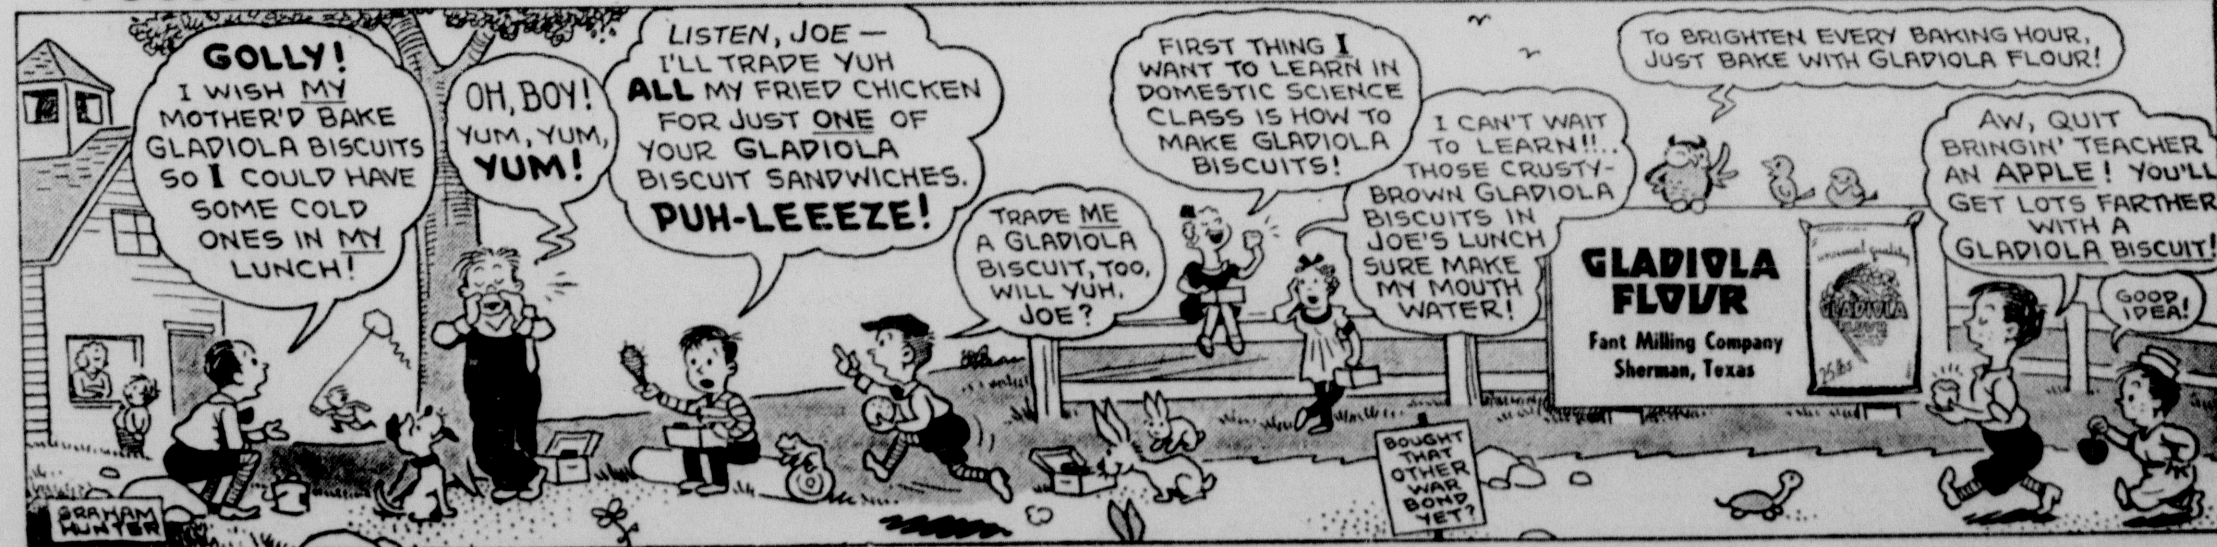

So scrape all pans and roasters. Skim soups and gravies. Keep your used fats in a tin can—any kind will do. Save meat trimmings and plate scrapings in a bowl; melt them down and add the liquid fat to your can.

When the salvage can is full, take it to your butcher. He'll give you 2 red points and up to four cents for every pound. If you have any difficulty turning in your used fats, call your Home Demonstration or County Agent.

Needed this year: 100,000,000 more pounds of used fats

Approved by WFA and OPA. Paid for by Industry

(Continued from page one)
pleted, we moved on to the forward area to await the time when we would participate in the preinvasion day bombardment. At dawn on the scheduled day we approached the island of Iwo Jima along other units of the fleet and opened fire with our heavy guns (incidentally the Nevada had the honor of firing the first shot.) This preliminary shelling lasted for several days and we were proud and pleased to see that we were effectively knocking out Jap installations such as pill boxes, block houses and anti-aircraft gun emplacements. We have no idea of the number of Japs we killed, but we did see several go down under our own fire.

The island of Iwo Jima is practically a fortress. It is similar in shape to South America but only about 5 miles long and 2 1-2 miles wide at its widest point. It is composed of rugged volcanic rock with many cliffs, crevices and caves, and the Japs were well dug in having taken advantage of every natural protection. On D Day the Marines landed on the island. Thanks to our heavy bombardment they encountered light initial resistance but it wasn't long before the Japs started putting up a stiff fight. All I can say is, those leathernecks have plenty of courage. By now your newspaper has told you how well they are doing. During all this time the men on the ship worked hard. We were at our battle stations for long periods of time and even the K rations tasted good when we found time to grab a bite to eat.

One of the high lights of the whole show came when the ship was attacked by a Jap plane. His attack did not last long however, as he was promptly shot down by our batteries, and fell flaming into the water.

We are all tired, but happy for we know we have contributed our share. I am well and will write to you again soon.

MILAM IS SHORT ON 7TH WAR LOAN

Despite the fact that the 7th War Loan was inaugurated in Milam county on April 9th the quota had not been reached Tuesday.

Dan Tyson, Finance Chairman, at the meeting last Wednesday revealed that 70 per cent of the E bond quota had been subscribed. There was no figure to indicate the amount of negotiable securities purchased.

Cameron was holding back the E bond quota because some \$30,000 in bonds are yet to be sold here.

38,000 JAPS KILLED ON OKINAWA ISLAND

General Douglas MacArthur announced Friday that 38 thousand Japs have been killed on Okinawa island and thus far American casualties are over 16 thousand with 2684 killed.

General James Doolittle who led the attack of Tokyo in 1942, said in London Friday that the 8th Air Force will go to the Pacific and the number will be over 200 thousand men and women. General Doolittle said 2000 bomber attacks will soon be made on Japan. Three separate raids were made on Japan Thursday with good results.

The Germans are still fighting in Czechoslovakia but all resistance is being staped out by the Russians.

DON'T CROWD CHICKS

Let's give our baby chicks plenty of room in which to grow, says Lucille Cook, Co. H. D. Agent. Chickens this year are going to be more important to our meat supply than ever before.

Plenty of room means one half a square foot of floor space for each baby chick until it is five weeks old, and one square foot when they pass that age. Its merely a matter of figuring out the number of square feet in the floor of the chicken house and putting in just that many chicks.

Most poultrymen have no trouble with cannibalism except when houses are over-crowded increased the danger of coccidiosis spreading among chicks. One of the best ways to prevent disease among growing chicks is to give them plenty of room. And it has been found that it also pays to give them as much shady space as possible during hot weather.

Comfortable surroundings for little chicks means healthier fowls when they grow up.

Serves With 3rd Army

SGT. JOE J. ZAVREL

Sgt. Joe J. Zavrel enlisted in the service on September 28, 1940, and left for Ft. Sam Houston in October where he remained for six weeks. He was then transferred to Camp Bowie, at Brownwood, where he worked in the Warehouse Office.

Sgt. Zavrel received further training at Aberdeen, Maryland, Camp Maxie, Camp Shelby, Miss., Helena, Montana, and other camps. In February 1944, he was granted a 20 day furlough which he spent at home. When his time was up he was shipped overseas, and stationed in England for some time. Sgt. Zavrel is with General Patton's 3rd Army.

He is 25 years old, and is the son of Mr. and Mrs. V. L. Zavrel, Marak. Sgt. Zavrel has a brother, Pfc. Frank A. Zavrel who serves in the West Pacific theatre of operations.

McATEE-GREEN

On May 16, 1945, at 9:00 a. m. in a double ring ceremony, Miss Naomi McAtee became the bride of Leslie Green at St. Michael's Parish Church, at Burlington.

Mr. and Mrs. Green are both graduates of Rosebud High School.

The former Miss McAtee is the daughter of Mr. and Mrs. W. E. McAtee of Burlington. Mr. Green is the son of Mr. and Mrs. Louis Green of Rosebud.

The bride and groom were attended by Margaret LaVerne Litzman of Cameron and Edward McAtee of Fort Worth.

The bride wore a white tailored suit and white accessories. Her bag and hat were handmade and of matching fabric. For a corage she wore an orchid. For something old the bride wore a heirloom ring given to her by an aunt, Mrs. John Powers of Cameron. For something borrowed and something blue—a pair of crystal Roraries were carried, borrowed from the bridesmaid Miss Litzman.

The bridesmaid wore a sky blue suit with brown and white accessories and a corsage of gladiolas.

Following the wedding a reception was held at the bride's home. After the reception the bride and groom left for a short wedding trip and upon their return will be at home on Rt. 4, Rosebud.

Out of town guests to attend the wedding were: Mr. and Mrs. Howard Schwarting, and Mrs. Willard Keith of Rosenberg, Mrs. H. Schwarting, Mrs. Fred Lambert and Mr. and Mrs. Fred Kinsey of Temple, Roy E. McAtee and Bernadine Wilson of Camp Hood, Mrs. Jarrell Green and Mrs. John Powers of Cameron.

YARRELLTON CLUB MEETS

The Yarrellton 4-H club met with the County H. D. Agent, Lucille Cook on May 11.

Plans were made to observe Rural-Life Sunday on May 13.

Miss Cook gave demonstrations on being A Good Hostess and Making Salads. Vegetable and fruit salads were prepared and recipes were given each girl.

The club adjourned. The next meeting will be held with the sponsor, Mrs. Clarence Colburn. The demonstration will be on "Candy Making."

Pvt. H. D. Frazier Killed in Action

Rockdale, May—Mr. and Mrs. C. R. Frazier of this city have been notified by the War Department that their son, Pvt. Homer D. Frazier, was killed in action in Italy on April 25, four days before the end of hostilities in the Italian theatre.

Private Frazier entered the army in February, 1942, going overseas the latter part of that year, and had been serving in the Italian campaign. Two other sons of the family are serving in the navy.

"A Tree Grows in Brooklyn" at Local Theatre Here

With the showing of Betty Smith's "A Tree Grows in Brooklyn" on the scene of the Cameron Theatre, a great and new kind of motion picture, is born.

Never before has any motion picture so probed the depths of the hearts of real, flesh-and-blood people . . . never has the screen been so filled with such richness, tenderness and joyous understanding as is revealed in 20th Century-Fox's beautiful filmization of this best-seller of best-sellers. "A Tree Grows in Brooklyn" is the perfect filming of the novel that has made millions laugh, cry and cheer.

As those who have read the richly touching book will know, the film tells the story of the Nolans of Brooklyn, of the laughter and tears, and of their struggle for existence and expression. It is the story of a child who grew up . . . of man who never did . . . and of a woman who wished she hadn't. The story of the Nolans whose feet walked a city's pavement but whose eyes were on the stars, is packed plum-pudding-rich with the everyday living, hopes and fears, sorrows and triumphs of every average family from Brooklyn to San Francisco. Its appeal is universal; it carries a tremendous emotional impact that will warm the hearts of everyone, everywhere.

Symptoms of Undulant Fever Outlined

AUSTIN—This is the season when an increase of undulant fever may be expected, according to Dr. Geo. W. Cox, State Health Officer.

An undulant fever patient suffers from chilly sensations, or severe shaking chills, sweats and high fever. The patient loses weight and becomes weak. If the illness is of mild type, the patient may find it hard to remain in bed, but if he tries to keep on with his work he finds he has not sufficient energy.

Symptoms often continue for a number of weeks before recovery occurs. Fortunately undulant fever has a low death rate. Body temperature may reach a higher mark each day than the day before for some time, and then gradually return to normal over a period of several days. Fever may be absent for some days and come back again in the same way as before, registering higher each day and the gradually going lower. The patient's temperature chart will resemble smooth waves or undulations. The appearance of the temperature curve in typical cases has given this disease the name undulant fever.

Undulant fever is one of the infectious diseases known to be transmitted from animals to human beings. In hogs and cows, the germ produces a great economic loss because it causes contagious abortion. When this same germ invades the human body, the resulting disease is undulant fever. Prevention is dependent upon (1) eradication of the disease in farm animals, (2) careful pasteurization of dairy products, and (3) avoidance, in so far as possible, of direct contact with infected animals.

Jap Counterattack On Okinawa Smashed

GUAM—U. S. infantrymen and Marines gained up to 600 yards along the bitterly-held southern Okinawa battlefield Sunday during bloody fighting in which a Japanese counter-attack was repulsed and seaborne landings behind American lines broken up.

Near the center of the line the 333rd Regiment of the 96th Division moved up Conical Hill, a key position before the towns of Shuri and Yonabaru.

Immediately to the west the 1st Marine Division took high ground protecting Shuri after beating off a counterattack in which 100 Japanese were killed.

Admiral Nimitz' communique Monday reported only slight changes in the western sector, where the 6th Marine Division is bearing hard upon Naha, Okinawa's capital city.

FORMER CAMERON MAN KILLED IN ACTION

Word has been received that Pvt. Henry Rudolph Templin, 26, formerly of Cameron, was killed in action in Germany on December 4, 1944. His widow, Mrs. Lora Belle Templin now of Marshall has received the Purple Heart posthumously awarded her husband. They previously lived in Shreveport, La.

Before going into service in April 1944, Pvt. Templin was employed at the Shreveport Fire Department. Receiving his training at Fort McClellan, Ala., he left for overseas duty in October of that year.

Other than his widow, Pvt. Templin is survived by two sons: Richard and H. R. Templin; his parents, Mr. and Mrs. Emil Templin of Coleman, formerly of Cameron, brother, Willie Templin who is in a Japanese prison camp, John Templin of Shreveport, La., and a sister, Mrs. E. E. Sutton also of Shreveport, La. He is survived by other brothers and sisters, but their names are not available.

Lud Denny got home early from the plant the other day, and found his missus in the middle of housecleaning, with the furniture moved around, and the place a shambles.

Some men might have grumbled about getting precious little time off, and finding their home upset. But not Lud. He just took his coat off, and pitched in and helped.

And when he got the last curtain in place, and stepped down off the ladder, there was his missus with a tray of cold beer and

cheese blintzes she'd made for Lud. And blintzes are Lud's favorite dish.

From where I sit, it's little things like this that will help to ease our troubled lives today—see us through difficulties—keep alive the spirit of good fellowship and mutual respect. Try trading a helping hand for ice-cold beer and blintzes. See if it doesn't make life seem a little brighter!

MRS. J. S. BRAGG IS BURIED HERE FRIDAY

Funeral services for Mrs. J. S. Bragg, 69, were held at 11 a. m. Friday May 11, 1945, at First Methodist Church, with Rev. K. R. Isbell, pastor, conducting with the Green Funeral Home directing arrangements. Interment was made in Oak Hill cemetery.

Mrs. Bragg died from a heart attack on Tuesday morning, May 8, 1945 at her home in Cameron.

Mrs. Bragg who before her marriage was Miss Eugenia Burns of Flatonia, was married to J. S. Bragg here on December 9, 1897. They later moved to Elgin and to Milano. When they moved to Cameron in 1904 Mr. Bragg was associated with the McLane Company and in late years has engaged to business of his own. Mrs. Bragg was a member of the Methodist church in Cameron.

Surviving are her husband, J. S. Bragg, two daughters, Mrs. Wm. F. North of Cheyenne, Wyoming; and Mrs. Gaston Barmore of Houston. Two grand children survive as follows: Gaston Charles Barmore, and Joan Barmore of Houston. Other relatives surviving are two brothers, Jim Burns of Alice and Charles Burns of Houston; 3 sisters, Mrs. W. J. Moyes of Houston, Mrs. G. W. Allen of San Antonio and Mrs. Will Ragsdale of Nixon. Another sister, Mrs. May Peine of Houston died two months ago.

Pall bearers were: J. E. Flinn, Homer McLane, L. F. Gohmert, W. H. Lawrence, Calvin Markham and Grady Allen.

Honorary pall bearers were: M. G. Cox, Robert McLane, F. J. Beckerman, J. L. Barmore, Bob Terry, R. H. McIntosh, F. A. Marek, W. O. Newton, Dan Tyson, Grady Cooper, W. A. Bonds, Walter Lucas and W. F. Sharpe.

Mr. and Mrs. Sid Stidham and daughter, Mrs. Jack Walters, and her three children of Houston, spent Mother's Day here with his mother, Mrs. India Stidham and also visited relatives in Temple. Mrs. Walters' husband Lt. Jack Walters, is stationed at Brownsville, and is a pilot of an air plane, P-47.

Sgt. Charles E. Gray Liberated From Prison War Camp in Germany

Mrs. Charles E. Gray has been notified by the War Department that her husband, Sgt. Charles E. Gray who was previously reported missing in action in Germany on December 12, 1944, has been liberated from a prison of War Camp near Dresden, Germany.

Sgt. Gray's wife and their small son, Ronny reside in Cameron. He is the son of Mr. and Mrs. W. V. Gray of this city.

Miss Lucy Bailey visited her sister, Mrs. Mary Burken for a short time last Sunday while enroute to Kelly Field in San Antonio where she has been transferred from the Pecos Army Air Field.

Pfc. Adrian Fikes is Back Home After 15 Months in Pacific

Pfc. Adrian Fikes is back home from 15 months in the Pacific and is to report to the Moore General Hospital at Swannanoa, North Carolina. He is spending a few days with relatives here.

Pfc. Fikes went over with the 663rd Machine Gun Battery and was in New Guinea most of the time he was in that area. He wears one battle star but that does not indicate the experience he had during the 15 months.

He now has served 2 years in the army. He is attached to the air corps. Returning to the states on March 16, he came home to see his family. He is 20 years old. Over in New Guinea he contracted typhus fever and has been under hospitaliza-

tion since December. He took his basic training in gliders. A brother, Edward Lee Fikes, Sernan First Class, is in the navy. Both served in the Pacific.

Over in New Guinea it rains about 8 months out of the year and often in the day time the temperature is 120 degrees. It gets fairly cool at night. The natives are friendly and some of them talk English. They live largely on fruits and coconuts are a standard diet. Pfc. Fikes said one of the unique things he witnessed were the celebrations held by the

natives. They hold on for 3 days while they dance, sing and eat and kill pigs.

The natives learned to speak English from missionaries. The natives like the Americans. Pfc. Fikes speaks highly of the Australian as a fighting man.

Lt. and Mrs. John F. Myers announce the arrival of an 8 pound son in Clemon, S. C., who arrived April 29th. Mrs. Myers will be remembered as the former Miss Grace Jewell Daughterty, who was reared in Cameron, and is a niece of Dow Eplen.

Looking to Tomorrow

While there is much to be done to win the war in the Pacific and we must not slacken our efforts in the least, yet we cannot be entirely oblivious to the fact that the Post-War World is just around the corner.

In such proportion as the situation demands we must think of our future here at home. To take up where we left off and carry forward we must make rapid progress. We must be modern and alert in our business for things have changed. Keep in touch with your bank.

MIGHTY 7th WAR LOAN

HELP YOUR COMMUNITY TO MAKE ITS
QUOTA BY MEETING YOUR PERSONAL QUOTA

BY THIS time last year Victory Volunteers in this community had made the rounds twice to get out fighting dollars for War Bonds. So if you've wondered why no one has called on you yet in 1945, here's why... The Mighty 7th War Loan (starting May 14) will be TWO GREAT DRIVES IN ONE!

And think what that means. All the old rules of buying you set for yourself in the past are out. America's growing battle might is costing more dollars every hour. Only by your purchase of MORE BONDS AND BIGGER ONES in this double drive will you be doing right by the men who fight.

Remember that your community has a quota it will be proud to make. It's made up of all the personal quotas of you... the people up and down your street... EVERYBODY in this vicinity. So it's EVERYBODY ALL OUT... buy bigger bonds and more of them when the Victory Volunteer calls.

NIPS PROCLAIM WEEK OF PRAYER IN CRISIS

The Japs are going to pray one week in the present crisis.

The smoke is gathering on the waters and on the mountain where the heathen gods play. Shinto will be put to the test.

Fighting was growing in bitterness as Americans engaged the Japs in hand to hand bayonet fighting on Okinawa. At noon the Marines were closing in on Naha, the capital. Four U. S. Divisions are engaged in the fighting.

Military leaders in Washington believe an army of 7 million men will be required to whip the Japs. Already American service forces are embarking for the Pacific.

The Tokyo government has proclaimed a National Prayer week.

It was disclosed that veterans of the African and European war will not be sent to the Pacific but will be given occupation duty. More than a million will be discharged.

Admiral Nimitz announced that 3 light aircraft carriers were damaged by Jap planes and 40 of the enemy craft were shot down.

Air Marshal Goering will be tried on 8 charges involving war crimes, it was also said the Admiral Doenitz was broadcast from London. The may also be tried.

Admiral Nimitz announced that U. S. forces are boarding ships at Le-Harve, Bardeau and Marseilles for the Pacific.

The war was still in progress in Czechoslovakia and in Berlin where underground forces were operating.

Mrs. W. O. Fisher is in a Houston hospital where she has undergone an eye operation. She is reported to be resting comfortably.

Gen. Eisenhower to Head Occupation of Germany; Is Tough

Gen. Dwight D. Eisenhower has been named to head the American occupation government in Germany, it was announced in Washington.

Gen. Eisenhower, tough and unrelenting commander who crushed the Nazi in the west.

Russians were waging full scale operations in Czechoslovakia to stamp out the Germans who are still resisting. The Werewolves were setting fires in Berlin to harass the Russians.

Under the surrender terms forces who resist can and no doubt will be ruthlessly killed.

Lt. Guy Garth and wife of Kentucky, are here on a visit with her parents, Mr. and Mrs. John C. Martin. Later Lt. Garth will be at Camp Hood until he is reassigned.

Mr. and Mrs. W. H. Ezell of Buckholts, observed their 53rd wedding anniversary Wednesday. Mr. and Mrs. Ezell have made their home at Buckholts for many years, and have many friends who wish for them happy returns of the day.

Mrs. Robert French of Caldwell, spent Saturday here with Mrs. Tom Denson. Mrs. French will be remembered as Miss Dorothy Schiller, and taught school here before her marriage.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

True or False

Test your knowledge of your Government's War Bond Financing program. The answers to these questions, given at the end, should be known by every American. How good are you?

1. 85 million Americans have purchased Series E War Bonds.
2. 34% of all the money ever invested in E Bonds is still invested in them.
3. If a Bond is lost, stolen or destroyed, it is just the same as if the owner had lost the money he invested.
4. E Bonds may be cashed at any qualified bank for their full cost any time after 60 days from date of issue.
5. The U. S. Government's promise to redeem War Bonds any time after 60 days from date of issue is just as strong as its promise to stand back of a dollar bill.
6. You have to hold a Bond the full ten years to get any interest.
7. The lowest-priced War Bond costs \$25.
8. War Bonds are better than cash.
9. Two persons cannot own a War Bond jointly.
10. The only reason we should buy War Bonds is to help pay for food, ammunition, etc., for the armed forces.

ANSWERS

1. True.
2. True.
3. False. War Bonds are registered in the names of their owners, and lost Bonds can be replaced.
4. True.
5. True. Compare wording on a Bond and a bill.
6. False. Your Bond increases in value after one year. See the values on the back of the Bond. But you get a greater increase in value the longer you hold a Bond, up to \$1 at the end of 10 years for every \$3 you paid.
7. False. A \$25 Bond costs \$18.75.
8. True. They can be replaced if lost, they increase in value and they can be converted into cash in case of need.
9. False. War Bonds can be owned by two people as co-owners or as owner and beneficiary.
10. False. Your savings invested in War Bonds will also help to stabilize prices now and to provide for your own security in the future.

Roy M. Green Tells a Farm Story

By President Roy M. Green
Colorado A & M College
Fort Collins, Colorado

Big crops and good prices left a wheat farmer not long ago with \$30,000 cash in the bank. Said he, "If I don't invest this in inflated land values, what can I do with it to earn anything?" I said to him, "Did you ever think of using part of it to insure yourself a steadier farm income after the war? For \$150 a month, or \$1,800 a year in War Bonds, you can begin to collect ten years after the war \$200 a month. As you will be getting older by that time, wouldn't that be a better supplement to what income the farm then produces than having to turn again to the cream can and what your wife can make out of chickens? Wouldn't it be a nice retirement fund for a fellow that is now 55 years old? Wouldn't you like to have had \$200 a month cash coming in last time?"

In addition, if you can put in War Bonds a lump-sum as reserve for operations in bad years, for deferred purchases of equipment, for repairs, for up-keep, for new household equipment; and then whatever the postwar adjustment, you would have an easier time of it than you had last time.

You wouldn't have to wait on somebody's extra special plan; you would have already completed one of your own.

If you are proud of the independence of your occupation, and jealous of preserving as much of it as possible, don't orate and speculate—order WAR BONDS!

U S AIR MIGHT ROCKS JAP ISLANDS

The blasting of the Japanese homeland by more than 1,000 American planes and important Yank ground victories on bloody Okinawa—and in the Northern Philippines highlighted official U. S. Nippon reports from the Pacific war theatre today.

The record raid by more than 500 Superfortresses against Japan's industrial Nagoya on Monday, Tokyo time, was marked by the dropping of seven million pounds of fire bombs on the metropolis.

Tokyo said some 500 carrier planes struck against Japan's southern airfields the same day.

Yank doughboys on Okinawa captured Conical hill and the American left flank of the flaming battle front slugged forward 2,400 yards.

Japanese planes struck against American ships off Okinawa and damaged two light units. Twenty-five

of 35 attacking Nipponese planes were shot down.

The Japanese air force also attacked American carrier task forces, damaging a major ship: Yank combat fliers and ship gunners brought down 21 of the planes.

Doughboys fighting in the Philippines won the battle of Balet Pass on Northern Luzon.

The greatest feat of Superfortresses ever sent out attacked Nakoya. Only two out of more than 500 bombers in the smashing incendiary raid were lost to enemy action, a 20th Airforce communique reported. The teeming city—population 1,500,000—is the center of Japan's aircraft industry. B-29 crewmen said bombing results from medium altitude were excellent. Air interception was weak to moderate and ackack fire meager.

The Japanese acknowledged that fires burned in Nagoya for five hours, claimed eight B-29s were shot down and nine damaged.

Radio Tokyo, in an unconfirmed

broadcast, reported the second consecutive day of carrier plane raids on Kyushu and other air fields on neighboring islands. It said 500 planes struck beginning at dawn Monday. Nine hundred carrier planes and a score of Super-Fortresses blasted Kyushu objectives Sunday, Tokyo said.

Foster Produce Co. Completes Building

Facilities for handling produce have greatly increased in Cameron with the completion of a new building of the Foster Produce Company.

J. L. Foster who has given Cameron the best market in her history for handling farm produce has constructed a new plant on Highway 77, East 7th Street. This building is conveniently located and Mr. Foster will have his new facilities in operation in time to accommodate produce which will soon be coming in from the farms.

Why the biggest Job in town carries no pay!

WHAT is the biggest job in your town—in anybody's town, between May 14th and June 30th?

It's that of the man or woman who will ask you to buy extra War Bonds in the 7th War Loan.

It carries no pay because the people who are doing this work are good Americans. In addition to buying extra Bonds themselves, they're willing to give their time to a job that's as important as anything outside the battle lines.

It's important—and it's big. Making our quotas in the 7th War Loan is a man-sized job for everybody.

Uncle Sam needs 7 billion dollars from individual Americans in the 7th! That's a bigger quota than ever before. It's bigger because this is really 2 loans in 1—last year, by this time, we had bought Bonds in 2 Loans instead of one.

And it's bigger because the need is bigger. We're building up a whole new air force, with new jet-propelled planes and even huger bombers. We're building more tanks, mortars, and everything for the increasingly bitter struggle with Japan. And we're paying the

mounting cost of victory—taking care of wounded men who are arriving in this country by thousands every month.

So—be ready when one of these War Bond workers comes to you. Open your door, your heart, your purse—for the 7th War Loan.

Help America to make its quota—by making yours!

PAPER HOLIDAY HERE TO AID WAR EFFORT

Spurred by the news from the war fronts and by the knowledge that war needs for paper are steadily increasing, the citizens in Cameron today joined with its 100 or more retail store operators in the observance of its first PAPER HOLIDAY. No paper is being used in any retail store, except for articles that require wrapping for sanitary and protective purposes and Cameron is playing its part in the country's all-out effort to solve the paper shortage. PAPER HOLIDAYS are being sponsored in other cities and towns throughout the country, and with full co-operation from the public, The War Production Board's goal to stretch this year's civilian supply of paper is expected to be met.

In Cameron housewives on their daily marketing rounds, were carrying their own shopping bags of cloth, fibre, string and the like, using baby carriages, bicycle baskets, top express carts and shopping carts on little wheels. Packages were being accepted unwrapped gladly.

The scarcity of paper on the home front, and the needs for wood pulp, of which paper is a derivative was emphasized by A. W. McCullin, President of the Chamber of Commerce, who said:

"Unlike many other war-time shortages, the paper problem shows no evidence of immediate solution. Enormous quantities of food, equipment and medical supplies are needed overseas for our service men and for relief to distressed nations, and all of these shipments require paper or paperboard for packaging. In Cameron we are glad to declare this PAPER HOLIDAY," Mr. McCullin concluded, "because this extra sacrifice has made us more keenly aware of our own civilian shortage and of the great need for paper in the successful conclusion of the war. There just isn't anything we wouldn't do to insure that success."

Mr. McCullin said he anticipated a great saving of paper here alone, "And when you figure what will be saved by the combined efforts of all our merchants you understand just what a big thing this will be for Cameron," he pointed out. "I understand that the merchants in other cities will start their PAPER HOLIDAY next week and they are watching our progress with interest." Mr. McCullin said one of his customers who spent a year and a half in England told him that paper was so scarce in that country that the people here have no idea what a small sacrifice means. If residents of Cameron had a taste of those real shortages they would understand what hardships really are, he said.

Cpl. Joe Bill Heath Wins Distinguished Unit Badge and Cluster

15TH AAF IN ITALY—Cpl. Joe B. Heath, 401 W. 7th Street, Cameron, B-24 Liberator waist gunner, has been authorized to wear the Distinguished Unit Badge with one bronze cluster, as a member of the veterans 451st Bombardment Group, which twice has been cited for "outstanding performance of duty in armed conflict with the enemy."

The group received its original gold-rimmed blue ribbon for an attack on the Prufening aircraft factory at Regensburg, Germany, on February 25th. The cluster was added for a mission over the Ploesti, Rumania, oil refineries on April 5th.

The citation read, in part: For Regensburg: "Notified to prepare . . . maximum aircraft, personnel worked feverishly, enthusiastically, and with untiring intensity . . . The tremendous material damage inflicted . . . contributed to the curtailment of aircraft production by the enemy at a time of great importance."

For Ploesti: "Under the most difficult and trying conditions on the ground and despite extremely adverse weather conditions in the air, the group . . . successfully delivered a devastating blow to the important enemy oil installations."

"The grim determination . . . and heroic courage of the combat crews, together with the professional skill and devotion to duty of the ground personnel . . . are outstanding in the history of aerial warfare."

Cpl. Heath was graduated from Yoe High School in May, 1943. He was employed as a clerk for the J. C. Penney Co., Cameron, before entering the army on Dec. 10, 1943. He received his gunner's wings at Tyn-dall Field, Fla.

His parents, Mr. and Mrs. W. A. Heath, live in Cameron.

Mrs. Jeff T. Kemp left Wednesday for Little Rock, Ark., to visit with her daughter and husband, Lt. William S. Brown, and wife, the former Miss Ruth Kemp. Mrs. Kemp will be away for several days.

S-Sgt. Johnnie Stastny Completes 40 Missions

A 7TH BOMBER BASE IN THE PALAUS—Staff Sgt. Johnnie E. Stastny, 22, of Burlington, tail gunner and other combat crew members of the 7th AAF Liberator bomber, "Wolf" have completed 40 combat missions against the Japs—most of them against the enemy's Philippine bases.

"We've been pretty lucky," Sgt. Stastny said. He and the other crew members awaiting reassignment after completion of their allotted 40 missions.

The crew escaped injury during the combat tour, and the plane was damaged only once by anti-aircraft fire. The flak hit was received over Malacat, a strongly-defended Jap target, but the plane got home safely. No damage was inflicted by Jap fighters.

Sgt. Stastny, who wears the Air Medal and the Philippines Liberation ribbon, joined the 7th AAF in June, 1944.

His parents, Mr. and Mrs. John Stastny, live on Rt. 1, in Burlington. He was graduated from high school in 1941 and was an oilfield employee prior to entering the armed service in January, 1943.

Friends will be glad to have news that W. A. Heath who recently was operated on at Newton Memorial Hospital, is doing well and is now back at his post of duty at the Palace Barber Shop.

2nd Lt. Clayton Mode Receives Silver Wings

BIG SPRINGS, May—Among the young "hell from heaven" men who won their silver wings at the Big Spring Bombardier School is one Cameron man who graduated with Class 45-11B and received his commission as a flying officer in the Army Air Forces.

2nd Lt. Clayton Darrell Mode, whose wife lives at Selman City, is the son of Mr. and Mrs. John Mode of 504 East 15th Street. He is a graduate of Yoe High School and a former student of the University of Texas.

Already skilled aerial gunners before their training here, these men have been thoroughly schooled in the use of the famous Norden bombsight and have mastered the art of precision bombing as well as the principles of dead reckoning and pilotage navigation. They are the real triple-threat airmen, these young bombardier-navigators.

Upon graduation these new Army Air Forces officers wear the silver wings of the rated bombardier. They have received the best training in the world and now leave the AAF Training Command, each to become the member of the combat crew known as the "hell from heaven" man.

Mr. and Mrs. J. A. Drago of Rogers were Cameron visitors recently.

FARM GROUP GOES TO GIDDINGS WEDNESDAY

At nine o'clock Wednesday morning the following men left the Chamber of Commerce room for Giddings. A. W. McCullin, John B. Henderson, J. Albert Young, Dave Bryan, M. C. Adams, Arnold Glaser, R. A. Korne-gay, Johnnie Richter, Frank Winkler, W. J. Weideman, August Kunz, Herman Hoelcher, W. J. Anderle, Leo Fuchs, L. Van Perkins, John Gelner and Frank Winkler, Jr.

Upon arrival at the Fairmount Co., plant in Giddings the group were shown thru the poultry and egg processing plant. Methods of killing and dressing poultry were seen; then some time was spent in the egg processing plant. Methods of cleaning eggs, then breaking and separating the yellow and whites of the egg, before the egg is frozen for storage and future use. The group then was carried thru the new hatchery and

feed manufacturing plant. After the inspection of this plant the group was taken to a restaurant where we were guests of the Fairmount Co., at lunch.

After lunch the group visited two of the leading Broiler Farms near Giddings. Here they had the opportunity of studying methods of producing broilers and marketing them. After the visits to these farms the group feels that we have secured first hand information that will enable them to get into this business without loss, making it profitable from the beginning.

The Chamber of Commerce has launched a program of poultry development in Milam County. Farmers who are interested should drop by the Chamber of Commerce office for further information.

Oklahoma City had a population of 10,000 on the day it was settled. It was opened for settlement on April 22, 1889, and by night fall had a population of ten thousand under tents.
